The Hospice is in its 61st year. We are reminded of all those who, over many years, have experienced good Palliative/End of Life Care, security and comfort when it was most needed. This has only been possible with the support of so many of our friends, supporters and organisations who give willingly thus ensuring the care provided at the Hospice continues.

The Hospice has to raise more than £40,000 each week in order to maintain the current level of services we provide. Please tell us how you feel you can support the work of the Hospice.

By choosing to take part in one or more of our events, you can directly support the work of St Margaret of Scotland Hospice, helping to make sure all patients and their families have the care and support they need at every step of their journey.

I should like to take this opportunity to thank you for all your support in the past but without your support in the future, we will be unable to continue to provide all of our current services.

Please hand your completed form in at the reception desk at a time most convenient to yourself.

Again many thanks for everything you do to support the work of the Hospice

With every good wish

Sister Rita
Chief Executive
